Authorizations and Acknowledgments

Please read the following with respect to your request(s):

Minimum initial purchase payment requirements apply to the following plans and programs.

DCA or Interest Sweep Plan

DCA and Interest Sweep Plans are not available on contracts with Portfolio Navigator program, the Portfolio Stabilizer program, living benefit riders or the *Enhanced Legacy* benefit.

- If an automated transfer, as scheduled, falls on a date that is not a normal business day, the transfer will be made on the next normal business day following such date.
- Automated transfers and any random transfers are subject to the provisions of my contract, the current prospectus and such other rules as RiverSource Life shall establish.
- If this request is received by the RiverSource Life Insurance Company (RiverSource Life) administrative office after the requested start date, transfers will begin on the date specified in the following month.
- A DCA or Interest Sweep plan does not assure profit or protect against loss in declining markets. Since either plan provides for continuous investment regardless of fluctuations in prices, you should consider your financial ability to continue to invest during low price levels.

DCA or SDCA Fixed Account Plan

- Availability: Additional payments to Variable Annuity Contracts. Restrictions may apply.
- The DCA or SDCA Fixed Account effective annual rate(s) applies only to payments for a new contract, or new additional payment(s) to an existing contract. All effective annual interest rates apply only to amounts remaining in the DCA or SDCA Fixed Account and are not credited after the value has been transferred to the selected accounts.
- RiverSource Life reserves the right to discontinue or modify the DCA or SDCA Fixed Account Program at any time without prior notice. Any change would not affect contract holders currently enrolled in the DCA or SDCA Fixed Account Program.
- RiverSource Life will calculate the monthly transfer amount. Interest is credited and compounded daily. The monthly transfer amount is determined by dividing the value of the DCA or SDCA Fixed Account by the number of months remaining in the DCA or SDCA Fixed Account Program period.
- All amounts must be transferred to the selected accounts within 6 or 12 months depending on the time period you select (6 or 12 transfers). Additional payments into an existing DCA Fixed Account will be transferred to the selected accounts within the remaining time period. For the SDCA fixed account, additional payments will be transferred to the selected accounts for the entire 6 or 12 month time period.
- I may terminate participation in the DCA or SDCA Fixed Account Program at any time by calling or writing RiverSource Life. Upon termination, I will no longer receive the DCA or SDCA Fixed Account effective annual rate.
- DCA or SDCA does not assure profit nor protect against loss in declining markets. Since the plan provides for continuous investment, regardless of fluctuating prices, investors must consider their financial ability to continue to invest during low price levels. The effective annual yield or total return will fluctuate along with market and other economic conditions. Past performance does not guarantee future results.
- If I participate in the Portfolio Navigator program, my variable portfolio under this program must match the variable portfolio under the Portfolio Navigator program.

If you are funding a DCA Fixed Account from multiple sources, we apply each purchase payment to the account and credit interest on that purchase payment on the date we receive it. This means that all purchase payments may not be in the DCA Fixed Account at the beginning of the period. Therefore, you may receive less total interest than you would if all your purchase payments were in the DCA Fixed Account from the beginning. If we receive any of your multiple payments after the DCA Fixed Account period ends, you can either allocate those payments to a new DCA Fixed Account (if available) or to any other accounts under your contract.

Systematic Investment Plan (SIP) / Bank Authorization (BA)

I have read and understand the following with respect to my request:

- If a systematic payment, as scheduled, falls on a date that is not a normal business day, the payment debited will be made on the next normal business day following such date.
- Systematic payments are subject to the provisions of my contract, the current prospectus and such other rules as RiverSource Life shall establish.
- If this request is received by the RiverSource Life administrative office after the requested start date, my systematic investment plan will begin on the date specified in the following month.
- A systematic investment plan does not assure profit or protect against loss in declining markets.

I authorize RiverSource Life to transfer my systematic payments from my bank account as described above.

Rebalancing Program

- Any new payments to my contract will be allocated according to the fund level rebalancing allocation.
- I may stop automatic allocation and rebalancing at any time.
- I may change my rebalancing at any time. When I change my allocation, my contract value will be reallocated according to my new preferences on the next automatic rebalancing date (quarterly, semiannually or annually).

I/We have read the Authorizations and Acknowledgements on Page 5, and understand the implications of the selection/requests I/we have made.
