Section 3 – Authorization for a 1035 Tax Free Exchange of a Non-qualified Annuity or Life Insurance Policy¹ to a RiverSource Annuity.

A. I hereby authorize the transfer and assign

- Full Exchange - 100% of my Contract/Policy
- For annuities only: I wish to request a partial 1035 Exchange from the aforementioned annuity contract in the amount of:

\$ _____ or _____ %* or Penalty Free Amount*

*Please check with the carrier you are exchanging from to confirm these options are available.

B. I hereby authorize the transfer into a/an:

- New Contract
- Existing Contract (available only for contracts with applications signed on or after June 16, 2003)

C. I hereby authorize the full or partial liquidation and transfer of the above as follows

- Immediately (Default)
 - On _____ (Specific Date*)
 - At maturity _____ (Please provide maturity date*)
- * For initial funding, the date must be within 60 days of the date the application was signed.

D. Disclosures, Assignments, and Representations for 1035 Tax Free Exchange of Non-Qualified Annuity or Life Insurance Policy

Any stated fixed account interest crediting rate, except for the crediting rates of the Guarantee Period Accounts (GPA), is valid for 60 days from the date I sign my annuity application. Crediting rates for the GPAs fluctuate with market conditions. The rates RiverSource Life credits to money I allocate to the GPAs in the future may be more or less than the rates in effect when I sign this form. RiverSource Life will credit the money I allocate to a fixed account after the expiration of the 60-day period with the interest rate in effect for that fixed account which may be more or less than the interest rate in effect when I sign this form.

If I fund a Tiered Dollar-Cost-Averaging (DCA) or DCA Fixed Account program with money from a 1035 Exchange, RiverSource Life transfers money into the DCA fixed account on the valuation date they receive it. This means some of the money may be transferred out of the Tiered DCA or DCA Fixed Account program in less than the Tiered DCA or DCA Fixed Account program period and I may receive less total interest than if RiverSource Life received all of the money at one time. If RiverSource Life received the last of the money from my 1035 Exchange after the expiration of the Tiered DCA or DCA Fixed Account program period, I may allocate this money to another Tiered DCA or DCA Fixed Account program account (if available) or any other accounts I select.

I fully assign and transfer all claims, options, privileges, rights, title and interest of either all of the life insurance policy, all of the annuity contract or part of the annuity contract value identified in the Contract Information section on page 1 to RiverSource Life.

For annuity to annuity partial 1035 exchanges: The investment of the original contract will be allocated proportionately between the original and new contracts. This paragraph applies only to nonqualified annuities, and only if the annuity is or was part of a partial 1035 exchange from one annuity to another annuity. IRS Revenue Procedure 2011-38 states if withdrawals are taken from either annuity within a 180-day period following a partial 1035 exchange, the IRS will apply general tax principles to determine the tax treatment of the previous exchange and the subsequent withdrawal. For example, a distribution from either contract within 180 days of the exchange may result in additional taxable income related to the contracts involved in the exchange. The IRS tax treatment may be different than what is reported on Form 1099-R. A tax advisor should be contacted before any withdrawals are taken from either annuity contract during the 180-day period. This 180-day limitation on withdrawals does not to apply to annuitized amounts if the annuitization is for life/lives or a period of 10 years or more.

- If the amount withheld is to be rolled over to the Roth IRA, the amount withheld will have to be made up from other assets.
- Federal Withholding:** You are liable for federal income tax on the taxable portion of your distribution. If total withholding is not adequate, you may be subject to estimated tax payments and/or penalties.
- State Withholding:** Withholding rules vary by state. Clients may have the option to: (1) opt-out of withholding, (2) elect default state tax withholding, or (3) increase the rate of withholding. Depending on the state, state tax withholding could be mandatory, optional, unavailable, or the client may need to complete a state-specific form.
- State tax withholding may not be available with all financial institutions. For state tax withholding rules, contact them directly.
- Please note that taxes withheld per your elections or in accordance with state rules will not be refunded.
- Different withholding rules apply in certain situations: If we do not have a valid Taxpayer Identification Number on the account, if the payment is delivered outside the United States or if you are a non-resident.

Federal Withholding

- For a Qualified Plan or a 403(b)/TSA-TSCA to a Roth IRA:

A direct conversion from a Qualified Plan or 403(b)/TSA-TSCA to a Roth IRA results in income tax being due on the taxable portion of the transaction. Please see the Special Tax Notice provided by the plan sponsor of your Qualified Plan or 403(b)/TSA-TSCA plan. You should consult with a tax advisor prior to requesting this transaction. There will be no withholding on this request unless you elect withholding below.

- For Traditional, SEP, or Simple IRA to a Roth IRA:

10% federal income tax will be withheld from the conversion amount unless you make a different withholding election below. Amounts distributed in the form of withholding may result in a 10% IRS premature penalty tax in addition to the ordinary taxes that apply to the entire distribution amount. Consult with a tax advisor if you elect to withhold.

B. Disclosures and Representations for Direct Rollovers/Transfers to an IRA Contract

If this amount represents all or part of an eligible rollover distribution, I understand there will be no mandatory 20% Federal Income Tax withholding from this distribution because it is a Direct Rollover to an eligible retirement plan under Section 402(c)(8)(B) of the Internal Revenue Code.

I realize that I may receive an IRS Form 1099-R on this distribution from my plan.

If the receiving IRA indicated in (2). above is a new IRA contract, I acknowledge that I have received a copy of Your Guide to IRAs and understand the terms contained within it.

If converting from a Traditional IRA, SEP-IRA, SIMPLE IRA to a Roth IRA or completing a direct rollover from a Qualified Plan, 403(b)/TSA or Governmental 457(b) plan to a Roth IRA:

- > I authorize the custodian, insurance company or trustee to transfer the liquidated assets and send any records or documents needed to complete the conversion or direct rollover to RiverSource Life Insurance Company. If converting from a SIMPLE IRA, I represent that I have participated in the SIMPLE IRA for at least 2 years.
- > I am aware of and acknowledge the penalty I may incur from any early withdrawal.
- > I assume all responsibility for any tax consequences and penalties that may result from making contributions to, transactions with, and distributions from this Roth IRA.
- > I understand that by converting my Traditional IRA, SEP-IRA, SIMPLE IRA to a Roth IRA or completing a direct rollover from a Qualified Plan, 403(b)/TSA or Governmental 457(b) plan to a Roth IRA, I will owe income tax on all pre-tax assets converted or directly rolled over. The decision of whether to convert my Traditional IRA, SEP-IRA, SIMPLE IRA to a Roth IRA or complete a direct rollover from a Qualified Plan, 403(b)/TSA or Governmental 457(b) plan to a Roth IRA was made in light of all relevant financial information and in conjunction with my professional tax advisors.
- > If completing a direct rollover from a Roth 401(k) or Roth 403(b) to a Roth IRA, I understand that this rollover may delay the time at which these funds are available on a tax-free basis.
- > I represent that I took any required minimum distribution for the year of this conversion or direct rollover prior to this conversion or direct rollover.

Section 6 – Special Consideration for Internal Exchanges

Please note: The features described below may not be available on all annuity products or in all states. You should discuss the specific features available on your existing annuity contract and your new annuity contract with your financial professional.

There are several factors to consider before changing from one annuity to another. These include, but are not limited to, the following:

- > Any withdrawal charges or other costs I may incur in replacing my current annuity contract.
- > The comparative charges, features and benefits of the respective annuity contracts, such as fees and contract charges, living and death benefit features and related guarantee values, minimum fixed interest rate guarantees, payout rates, and tax treatment (as determined by contract issue date).
- > The investment options available, the historical investment return/interest rate crediting and my investment goals, objectives, and risk tolerance.
- > My need for access to all, or a portion of, the cash value of the new annuity contract during the new withdrawal charge period.

If I have questions about these factors, or other areas that are important to me in making a decision, it is advised that I discuss them with my financial professional before completing the replacement of my existing annuity.

Additional Information To Know Regarding My Internal Exchange Request:

- > If I am participating in any investment option programs in my existing annuity such as systematic withdrawals, dollar-cost averaging or asset rebalancing, and wish to continue these investment options on my new annuity contract, service forms will need to be submitted with the application.

- > If I elected any optional features/riders in my existing annuity, those features may terminate and need to be reselected on my new annuity application. Pricing and details for these features may differ on the new contract. It is advised that I check my prospectus and talk to my financial professional for details.
- > This exchange from my existing RiverSource Life annuity contract to a new RiverSource Life annuity contract is voluntary. RiverSource Life does not endorse or recommend the exchange of my existing annuity.
